Frontend Developer

I am a Frontend Developer capable of working under pressure and delivering high-quality results within deadlines. I excel at translating designs into visually appealing web pages using HTML, CSS, and JavaScript. My proficiency in React allows me to build dynamic and interactive user interfaces that enhance the user experience. I possess great patience and attention to detail to ensure an excellent user experience, and I work effectively with the team to achieve project goals. I am committed to continuous learning to stay updated with the latest technological trends and develop my skills, providing innovative solutions to technical challenges. Additionally, I am proficient in using development tools such as Visual Studio Code effectively.

Core Proficiencies

- Programmer (HTML5, CSS3, JavaScript)
 - Git+GitHub
 - Responsive Design
 - Creative and User-Centric Design
 - Web Accessibility Standards
 - C for Computer Graphics
 - Complex problem solver
 - React
-
